

## Concerned Citizens Opposed to Seneca Lake LPG Storage and Open Brine Pit Petition

Addressed to: The Schuyler County Legislature, the Schuyler Co. Planning Board, SCIDA, SCOPED, Schuyler Co. Council of Governments, the Village of Watkins Glen, Mayor Mark Swinerton, the Watkins Glen Board of Trustees, the DEC, the Reading Town Board, the Town of Reading Planning Board and Inergy LP.

“We the undersigned, concerned citizens, voters and taxpayers, are opposed to the project being proposed by Finger Lakes LPG Storage, LLC a wholly owned subsidiary of Inergy, LP to store Liquefied Petroleum Gas (LPG) at the US Salt facility in the Town of Reading, less than 1 mile north of Watkins Glen on the west side of Seneca Lake, with the associated open brine pond, and the further industrialization of an area whose primary attributes are as a rural tourist destination known for its Wineries, Scenery, Pristine Lakes, Recreation and Road Racing Heritage. We, therefore, respectfully request that Inergy, LP withdraw their application for this project with NYS DEC and the Town of Reading.”
