

2021 BOUQUET

We love rosés so much that starting in 2018 we began making two; our traditional pinot noir based Dry Rosé and this lovely blend.

Our primrose-pink Bouquet is dry as can be, and a luscious, juicy, refreshing surprise. As the name suggests, slightly floral on the nose, showing very delicate aromas of peony and gardenia with a dash of wild strawberry to start your mouth watering. A sip reveals a flood of berries; blueberry, raspberry, strawberry, and sweet, dark cherry all rub elbows – on your tongue.

Sassy, tingly, bright acidity dances on your palate and brings the finish to a delightful, invigorating close.

Summer can't come fast enough – drink it now!

Serve at 45° f
